- **October/November/December**-An end of year party or picnic...dates/times/format TBD

Aside from the fun of just being out on our boats, the camaraderie was one of the best results of this new group in 2016. New Club members joined in on the fun and were delighted to have a way to get to know their new Club mates. There were also many long-time members who participated who were just as delighted to meet a whole new group of friends at the Club. Some participants don't own boats and rode along with friends. One participant said, “We've been to Mentor before on our boat, but it was so much more fun to do it with our group!” And we did have fun...eating, drinking, dancing and just chilling. It was a terrific cruising summer!

So, if you want an excuse to get out on your boat, meet new Club friends and strengthen ties with existing ones, the EYC Cruising Fleet is for you. Contact Brad and Karen Carns at 814-881-5367 or Bob and Dianne Cunningham at 814-873-4753 if you want more information. See you on the water!
