LOG

COMMODORE'S MESSAGE

As an explanation to the last line of last month's Log - a real cliff-hanger, "May Day - boiler just broke down", we will bring you up to date. The boiler really did give up - completely and with finality. This emergency was met by having the club heated by Salamanders and electric heaters for a period of several days. In the interim, a decision to replace the old boiler with a new one was reached. This new boiler can be used in the new club house. The boiler was installed in time to have the house in good shape for the Champagne Dinner and Dance, and things are now back to normal.

We wish to thank all the able bodied EYC men that lent a tow, and our faithful crew Marty, Whitey, Stanley, and Christine for their untiring 'round the clock vigilance throughout the emergency, and to thank all members who retained their sense of good fellowship while being inconvenienced with a cold house, a few days without our delicious fare from Louis due to lack of facilities, and also some days of sidestepping WET PAINT signs while the house was getting an inside freshening all in preparation for the coming season.

Speaking of the Champagne Dinner and Dance - this first party of the New Year was a real success. Vice Commodore Ben and Jean Ginader headed up the committee which included Esther and Dr. Bill Hirsch, Flodelle and Ralph Heard, and Bernie and Harold Wagner. A "well done" to the committee, a big "thank you" to the membership for accepting the early ticket purchase and cooperating so wholeheartedly, and finally a standing ovation to the Faulhaber's for a truly excellent dinner. Even though Lou should have been home in bed, he managed to take care of the large crowd with ease.

Plans for February call for a Surprise-Type party on February 19th, Saturday. Paul Brugger and Harry and Natalie Edwards are heading this one up, and they won't tell us anymore than "Don't Miss It". We'll be there and we hope to see you, too.

Just a reminder - We have many good things going for us as a club. A good road, always open and plowed, a great bar-tender, a chef who prepares terrific food and low, low prices. You just can't beat a combination like this. So, support your club. The dining room and bar are open every evening except Monday, and the Sunday Brunch from 11:00 A.M. until 2:00 P.M. is well worth a trip down the hill. The dining room windows afford a panoramic view of winter sports on the bay.
