### COMMODORE'S REPORT;

With the Holiday Season over and everything back on an even keel, your officers and directors have been busy with budgets and plans for the coming year. Our plans for additional stalls for next spring do not look too bright, due to an urgent need for fill. Anyone who has knowledge of heavy rubble or any kind of non-burnable fill, please advise Ken Welsh as soon as possible. We would like to complete the 20 deep draft stalls at the outer end of the west dock but this cannot be done unless we have help from the membership. Please give this some thought and give us your ideas. Our entertainment chairman for the year is Bruce Raimy and his wife, K.D. We know that if everyone will be as enthusiastic as Bruce and K.D. are, the club should have an exceptionally fine year. The first party of the year is the Champagne Dinner Dance scheduled for Sat., Jan. 20. V/C Ben Ginader and Jean, assisted by Mr. & Mrs. Ralph Heard, Dr. & Mrs. Bill Hirsch & Mr. & Mrs. Harold Wagner are the committee for this party. You may have noticed on the announcements already sent to you that tickets are to be purchased in advance. The reason for this is to give our Chef, Lou Faulhaber a better chance to plan a successful dinner. The plan is simple: either get a ticket from Nick at the bar or call Ken Welsh or any of the officers, who will make sure you get a ticket. Tickets are limited, so please call early. Deadline- January 25. We hope that you will cooperate for this will make for a better all around party. Lou has planned a delicious dinner, large bottle of champagne for each couple and a terrific trio for dancing afterwards. Hope to see you there. It has been brought to our attention that several boats in winter storage are plugged into electric outlets. This constitutes a fire hazard and these boat owners are being asked to stop this dangerous practice. If all electric plugs are not disconnected, we will have to take action to see that they are. Welcome aboard to the following new members: Chet Durst, Art Fuhrman & John Mitchell as regular members. Dennie Thiemann, Alton Kulh, Robt. Chambers, Jr. as associate members, & Kevin McEnery as a Junior member. REMEMBER, WE NEED FILL!

Interlake Yachting Association? What is it? Its an association of Yacht Clubs, 97 of them, located mostly in the Lake Erie & Lake St. Clair areas. Membership in ILYA opens the doors to the facilities of yacht clubs all over the world. Interlake is the watchdog over legislation affecting boating in its area. ILYA is best known for the annual Regatta it stages at historic Put-In-Bay each summer. Although primarily a sail race event, this assoc. sponsored the worlds first motor boat race in 1895. Naptha launches were used on that occasion, with handicaps based on dimensions and horsepower. Of course EYC is a member of this fine group and, as you know, P/C Bob Dodsworth is its current Commodore, a signal distinction for EYC.

VICE COMMODORE'S REPORT:

Have you returned your stall reservation form yet? Many have for which you have our thanks but there are still quite a number to hear from. We are anxious to receive all of them so that we can complete assignments. Please remember we can not assign any stall until we have your completed, signed form. The earlier we receive them the sooner everyone will know where they will be next summer.
